

Day Boat New Hampshire Lobster \$6.99/LB

The Yankee Co-Op in New Hampshire harvests these exceptional hard shell lobsters daily off their open and rugged coast. Buying these lobsters supports local fishermen and tastes great!

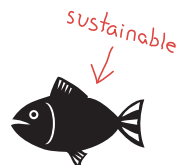

This product is part of our Community Supported Fishery Program. This supports local fisherman who use sustainable methods in order to supply the freshest seafood available.

Lobsters are 1 1/4 to 1 1/2 lbs sizes- contact us for details. All lobsters are available only on a **pre-order** basis.

During the winter season it can often be difficult for the fisherman to get out to harvest. Due to this we cannot guarantee delivery on this product.

Please contact our sales department to place an order. 860.483.7030
